About CaliforniaChoice®

CaliforniaChoice® is a product of Orange, Calif.-based *CHOICE* Administrators® – a division of The Word & Brown Companies. Founded in 1996, it was the state's first employee-choice health benefits program for employers with 2-50 employees. CaliforniaChoice® allows employers to contribute a set dollar amount toward employees' health care benefits and lets employees decide how that money is spent. Employees choose health care coverage from one of five health plans and 22 benefit plans that include dental, vision, group term-life, AD&D, chiropractic and acupuncture options.

About EPIC

Ear Professionals International Corporation (EPIC) was formed in November 1997 by a group of ear physicians, audiologists, and health care administrators to address the fragmented and inconsistent presentation of hearing care services within the United States. EPIC was formed with the goal of providing and promoting high-quality hearing care to the public, payers, corporations, trade associations, unions, and the government. It is within this initiative that the EPIC Hearing Service Plan (HSP) was developed to provide a true hearing health care benefit to those suffering from hearing problems.
