**CONEXIS RETAINS BIG FOUR AUDITING FIRM  
FOR STRINGENT SAS 70 AUDIT**

**National Leader In Benefits Administration Excels On Tough Audit  
Conducted By Big Four Auditing Firm**

DALLAS, Texas – Jan. 23, 2008 — CONEXIS, a Word & Brown company and the national leader in quality in the complex areas of COBRA/HIPAA, Flexible Benefits, Direct Bill and other administrative services, retained a Big Four auditing firm in 2007 for a SAS70, Type II audit performed under the American Institute of Certified Public Accountants (AICPA) SAS 70 Type II exam standards.

This is the fifth consecutive year CONEXIS has independently requested and passed an audit using SAS 70 standards. The SAS 70 exam standards are internationally recognized for reviewing an organization's internal controls, including controls over information technology, security, and finances. Successful completion of an audit using these standards serves as notice to companies and consumers that a service organization is properly collecting, storing, and reporting data.

“We’re very proud of our results from the SAS 70 audit,” said Michael Close, President of CONEXIS. “By partnering with a Big Four firm to perform the audit, we provide additional assurance to our clients that CONEXIS is dedicated to delivering quality services that help them achieve their compliance requirements, including the Sarbanes-Oxley Act.”

The Sarbanes-Oxley Act, also known as the Public Company Accounting Reform and Investor Protection Act of 2002, was signed into law in 2002 by President George W. Bush. It launched widespread changes in how companies report information, particularly financial information.
